RE: Haul Out 2026 – OUTSIDE STORAGE

Greetings:

We hope you are enjoying this spectacular boating season! It's hard to believe we're already planning for haul out. Please take a moment to review the 2026 haul-out information. For your convenience, our forms are fillable PDFs. Please use Adobe Reader to complete the forms applicable to you, save the completed PDF as a new file to your device, and attach it to an email addressed to boat@washburnmarina.com. You may also print the applicable forms, complete them by hand, and return them by mail or in person.

HAUL OUT: Haul out begins mid-September and is in full swing after the 1st of October. If you are not a Washburn Marina dockage customer, please call ahead to make arrangements for a slip. Dockage requirements exceeding one day will be charged at \$1.25/boat foot/day. When you complete your Haul-out Form, please indicate when you expect to launch in the spring. This will assist us in placement of your boat for access at launch.

We ask that you return the signed forms by **September 15, 2026** to allow us time for scheduling. The majority of scheduling will begin after the September 15th due date, based on those received first getting preference. Haul out requests prior to Sept. 15 will be scheduled upon receipt. Once we have you scheduled, you will receive a confirmation email or call. We will try to give you an indication of whether it will be in the morning or afternoon, but please be prepared for possible changes due to weather or other circumstances. Winterizing services will typically be provided prior to your haul-out or at that time. **NOTE: Signed haul-out forms and a current certificate of insurance are required for all vessels receiving haul-out services. Verbal instructions, text messages, or notes sent by email will not be accepted in place of the required forms.**

LAUNCH: Launch 2027 forms will be distributed mid-March. At that time you will select the commissioning services you require as well as your desired launch date. Please indicate on the haul-out form your anticipated launch date by week. Should a move be required due to a requested launch change a minimum \$150 fee will be charged.

LAND STORAGE LICENSE: Included is the 2026-2027 Land Storage License. Please complete and return with your haul out paperwork.

PAYMENT: Fees for haul out, 2027 launch, and winter storage, along with servicing are collected in the fall. You will receive an invoice shortly after your haul out and servicing has been completed. Final costs are determined based on measured boat size and services provided.

DECOMMISSIONING: The Service Technicians are preparing to take care of your decommissioning needs. It is much easier for us to perform some services prior to the hustle and bustle of October, so many mechanical services will be completed prior to haul out. Due to time constraints, services that have not been requested in advance are usually unavailable on the day of your haul out. Winterizing of engines, generators, and most water systems will be completed on the day of haul out. Our current labor rate is \$140 per hour, prorated in 15-minute increments.

PRESSURE WASHING/PUMP OUT/FUELING: We provide pressure washing of the bottom as part of haul out and now offer pressure washing of the hull sides and cabinhouse for an additional fee. Please attempt to pump out and fuel your boat prior to your haul out date. Boats requiring this service at time of haul out may be subject to additional service charges.

SHRINKWRAPPING: We offer professional service at a competitive rate with a contractor from the Twin Cities. Due to liability issues we do not allow boat owners to shrinkwrap their own vessels. Please see the attached shrinkwrap request form for this service and fee structure.

WINTER WORK REQUEST: The Washburn Marina Service Department is fully staffed and tooled, ready to take on any project for your boating needs. We offer excellent fiberglass, gelcoat and painting services, and our ABYC-certified mechanics are skilled and knowledgeable about engines, electronics and boat systems. We are also a Raymarine dealer and service center.

New this winter! As of November 15th, Washburn Marina will be a **Certified Starke Yacht Surface Technologies Installer**, with two certified technicians on staff. Contact us for winter cleaning, polishing and ceramic coating services.

We are also excited to announce that Washburn Marina is now a **Seakeeper Ride Authorized Dealer!** Seakeeper Ride is a first-of-its-kind Vessel Attitude Control System (VACS) that eliminates up to 70% of pitch and roll while underway. Contact us to discuss outfitting your vessel over the winter and get ready for one hell of a ride next season!

If you are interested in winter work, please fill out the attached form. We offer free quotes.

Should you have any questions, please do not hesitate to contact us.

Cheers,

Ben Thoen
General Manager

CHANGE THE WAY YOU RUN THE WATER.

NOW AVAILABLE FOR WINTER REFIT AT WASHBURN MARINA

UP TO 70% LESS PITCH & ROLL UNDERWAY

The first-of-its-kind Vessel Attitude Control System (VACS) actively manages pitch, roll and yaw while underway - automatically.

THE SYSTEM AT WORK

Transom-mounted rotary blade controllers create lift beneath the running surface to counter vessel motion in milliseconds.

100 ADJUSTMENTS EVERY SECOND

LIST / LEVEL CONTROL

Automatically counters list caused by passenger movement, wind, uneven loads or prop torque.

AUTO TRIM

Continuously adjusts the boat toward its optimal running angle at any given speed.

HOLE SHOT CONTROL

Helps the boat accelerate onto plane faster while keeping the operator's view of the horizon.

COORDINATED TURN

Automatically adjusts heeling angle through turns for improved comfort, safety and performance.

HIGH TECH. NO EXTRA WORK.

Seakeeper Ride is completely automatic. Its software and motion sensors continuously monitor the boat and command the controllers - no constant trim-tab adjustments required.

MAKE THIS WINTER COUNT.

WASHBURN MARINA IS A SEAKEEPER RIDE AUTHORIZED DEALER

Ask our Service Department about outfitting your vessel this winter.

Recreational boats over 48', catamarans, trimarans & commercial vessels additional per foot fee. Call for quote.

INVOICING AND PAYMENT

Upon completion of haul out and servicing, invoices will be issued when service is provided and payment in full due upon receipt.

Service Department Work Order Terms and Conditions

Any and all work orders, formal or informal, requested of and provided by the Washburn Marina Service Department (WASHBURN MARINA) are subject to the following terms and conditions which, together with the text and numbers on such work orders, constitute the entire agreement between Washburn Marina and the vessel described and its Owner/Owners.

1. WASHBURN MARINA agrees to service vessel in a good and workmanlike manner, and the Owner agrees to pay WASHBURN MARINA for said work, labor service and materials, at WASHBURN MARINA's quoted price or Time and Materials including change orders and/or additions which have been made to described work order with Owner's consent. Change orders and/or additional work orders shall be handled separately from the original work order in work performed and payment. These terms and conditions are incorporated in all change orders and additional work orders.
2. Haul and launch fees are based on a per foot basis with additional fees as warranted. The overall length of vessels will be measured from stem to stern, which includes bow pulpit, anchor, swim platform, davits, and other equipment that may extend the length of the vessel beyond that of the manufacturer's given length.
3. WASHBURN MARINA warrants the workmanship (with the exception of equipment manufactured by others, with respect to which items, the warranties against defects in material and workmanship by the builder/manufacturer are the sole warranties, expressed and/or implied, pertaining to the sale of such equipment, and with respect to which, the responsibility of these warranties is accepted by Owner) to be free of defect for a period of ninety days after completion. Any consequential damages are hereby expressly excluded, unless such exclusion is prohibited by Wisconsin law. Liability in cases of defective workmanship is limited to the proper repair and/or replacement of said items. WASHBURN MARINA reserves the right to correct and repair any claimed damages or defects. In the event another party corrects these items, all warranties and claims are void.
4. WASHBURN MARINA shall proceed with reasonable due diligence to perform the work as described but is not liable for any delays.
5. WASHBURN MARINA shall not be responsible for any damage to vessel while work is being performed, as it relates to damage to or loss of any articles of personal property, gear, or other items left aboard the vessel while Owner is not aboard. Washburn Marina does not provide insurance for the vessel. At all times, Owner will have the vessel insured by complete marine coverage at a minimum of \$500,000 and shall furnish WASHBURN MARINA with a current certificate of insurance. The Owner represents that his/her vessel is in safe and seaworthy condition and that it will be maintained in such a condition during the entire length of this work order and any extension thereof.
6. As required by this work order to facilitate repairs or confirm repair status, Owner authorizes WASHBURN MARINA full access to vessel and authorizes the mobilizing and moving vessel on the water or the land.
7. Payment for invoices is due upon receipt. In the event payment in full is not made within 10 days of the monthly billing date, pursuant to the provisions of the Wisconsin Consumer Credit Act, WASHBURN MARINA shall treat this transaction as an open-end consumer credit transaction. In the event the entire unpaid balance is not paid within 30 days of the following monthly billing date, the Owner is informed as follows:
 - a. ANNUAL PERCENTAGE RATE: A finance charge of 1.5% on the unpaid balance due not paid within 10 days of the monthly billing date will be assessed.
 - b. No annual fee will be imposed by WASHBURN MARINA
 - c. No other charges or fees will be imposed by WASHBURN MARINA for offering this open-ended credit plan.
8. WASHBURN MARINA reserves all rights against the vessel and personally against the Owner for payment of all charges and to maintain possession of items related to the work order and/or vessel until all charges have been paid in full. Specifically, the provisions of Wisconsin Stat. 779.43, liens for keeper of marinas, et al, shall apply, along with the provisions of Wisconsin Statute Chapter 780, liens against vessels.
9. The Owner agrees that differences of opinion about whether particular charges are justifiable or fair, or about whether any particular work was properly done, do not and shall not entitle the Owner to such claimed difference of opinion as a basis for the refusal to pay any amounts charged by the Marina under this work order. All claims and complaints of every kind which the Owner and vessel shall be entitled to make against WASHBURN MARINA NOT in connection with this work order shall be handled separately and independently from this work order.

All Washburn Marina Service Department work requests and work orders are subject to all the above terms and conditions. In requesting and/or signing and/or executing a work request and/or work order, the Owner acknowledges that he/she has read and understands and agrees to these terms and conditions.

YOUR VESSEL MUST BE PROPERLY INSURED AT ALL TIMES

The above described (Licensee) hereby agrees to this license for land storage from Marina Management, Inc. dba Washburn Marina (hereinafter "the Marina") at the current rates of \$18.00 per vessel foot for vessels up to 48' LOA, \$20.00 vessels exceeding 48', \$22.00 per foot for commercial/oversized vessels, and multihulls additional per foot fee as noted per six month license term, based on length overall (as defined below), plus tax, pro-rated by month for any period less than the full six (6) month license term. On this two-page document, the undersigned hereby agree to the following terms and conditions:

SUMMARY OF LICENSE PROVISIONS:

Length overall of vessel: _____ Current Rate Per Foot: _____
Initial License Term: ☐ May 1st – October 31st ☐ Nov 1st – April 30th Year: _____

Automatic renewal at updated rates in the event the vessel is not removed from storage at term end.

Section 1. TERM.

License terms are six months - from May 1 to the next October 31 (In Season Land Storage) and from November 1 to the next April 30 (Off Season Land Storage) or as determined based on haul out date and launch date provided those dates fall within the months of May and October respectfully or as specifically agreed upon in advance and stated above. For any initial license entered into after a license term begins, the license rate for the portion of the term is prorated from the 1st day of the month in which the License is signed to the end of the term. In the event the vessel remains in storage at term end, this license automatically renews for each subsequent six-month term at the current Marina rates in effect on the date of renewal. Vessels stored for 12 consecutive months are subject to rate increase of 20% of their current rate. Washburn Marina will issue invoices reflecting rates with each renewal period. Payment must be received with consummation of License.

Section 2. FEES

Payment is due for each six-month or agreed upon term in advance with the signed License. The fee for the initial term is set forth above in the Summary of License Provisions. Storage term exceeding 12 consecutive months is subject to a 20% surcharge on all following storage fees. The Marina may change the fee for a subsequent term by issuing invoice to the Licensee at renewal of the next term or portion thereof. Licensee is entitled to a refund of any unused portion of term, prorated on a monthly basis. The fee rate is applied to the Length Overall (LOA) of the vessel. LOA is defined as the maximum overall vessel length and includes bow or stern pulpits and swim platforms. The Marina reserves the right to measure LOA at any time and to adjust storage charges accordingly.

The Marina reserves all rights against the vessel and personally against the Owner for payment of all charges and to maintain possession of items the stored vessel until all storage fees have been paid in full. Specifically, the provisions of Wisconsin Stat. 779.43, liens for keeper of marinas, et al, shall apply, along with the provisions of Wisconsin Statute Chapter 780, liens against vessels.

If the Marina provides other goods or services to Licensee, and if Licensee disputes the validity of the charges for such goods or services, Licensee agrees that any such dispute shall be settled separately and independently from this License and the rental payments due under it, and shall not entitle the Licensee to offset any such disputed amount from any amounts charged by the Marina under this License. All claims and complaints of every kind which the Licensee and vessel shall be entitled to make against the Marina not in connection with this License shall be handled separately and independently from this License.

Section 3. RENEWAL

In the event the vessel remains in storage at term end, this license automatically renews for each subsequent six-month term at the current Marina rates in effect on the date of renewal. Washburn Marina will notify you of the exact amount of the charge via the address we have on file for licensee. The Marina may change the fee for a subsequent term by providing written notice of such change to the Licensee no less than thirty (30) days prior to the implementation of rate change. Fees due for the subsequent term will be billed to customer and due within 30 days. Any changes must be requested in writing to Washburn Marina. Storage term exceeding 12 consecutive months is subject to a 20% surcharge on all following storage fees.

Section 4. USE & VESSEL STORAGE.

Land Storage is for listed vessel storage only. During the term of this License, the vessel shall not have a cover or any other equipment affixed to the vessel tied or secured to jack stands if used. Vessel shall not be plugged into electrical service while unattended or overnight. After 24 months consecutive storage, the Marina reserves the right to move and reset the vessel at its discretion for safety and facility concerns. Moving fees will be assessed to Licensee. Commercial activity of any type is prohibited. Ancillary vessels, vehicles and equipment shall be contracted under separate license, fees apply. "Live aboard" in any vessel or vehicle while stored on shore is prohibited.

Section 5. MARINA ACCESS AND PLACEMENT.

The Marina shall have the right to access the vessel in case of emergency or for requested service work. In the event the Marina must remove Licensee's lock for access, the Marina will replace said lock with another lock at Licensee's cost. Marina reserves the right to move vessel for any reason at any time to another location on Marina property.

Section 6. ASSIGNMENT & SUBLEASE.

The land storage space may be neither assigned nor sublet.

Section 7. TERMINATION/DEFAULT.

Either party may terminate this License on not less than 60 days written notice to the other party. This License will automatically terminate, all fees will be paid in full and the vessel removed from the property immediately. Default occurs if:

- a. The fee remains unpaid for 30 days after the start of the term, or
- b. Licensee fails to comply with any of the provisions of this License within 15 days after the Marina has given Licensee written notice to comply. The Marina shall give Licensee notice of its intention to terminate this License for non-compliance of any of the provisions of this License by sending a certified letter to Licensee's last known address. The 15 days will commence upon the date of the mailing of the letter.

In the event of default the Marina reserves all rights against the vessel and personally against the Owner for payment of all charges and to maintain possession of items related to the work order and/or vessel until all charges have been paid in full. Specifically, the provisions of Wisconsin Stat. 779.43 and 779.48 liens for keeper of marinas, et al, shall apply, along with the provisions of Wisconsin Statute Chapter 780, liens against vessels. Licensee will be responsible for any legal fees and other expenses incurred by the Marina in enforcing this License.

Section 8. HOLD HARMLESS.

The storage of Licensee's vessel on land of the Marina is solely at Licensee's own risk. Licensee hereby expressly assumes full responsibility for any and all damage to the vessel, any fixture of the vessel or any other part thereof, any item left or stored in the vessel, and the cradle, jack stands, or other devices used to store the vessel, and agrees and covenants to hold the Marina, its employees, and the City of Washburn harmless from any claim arising from any such damage or loss. Licensee also agrees to reimburse the Marina, its employees, and the City of Washburn for any and all legal fees and costs incurred by the Marina, its employees and the City of Washburn in defending any action arising from any loss or damage as set forth in this section.

The Licensee agrees to use the Marina and associated facilities at his/her sole risk and hereby assumes such risk. The Marina does not assume liability for the care, protection and security of any vessel and/or equipment. User agrees to make no claim against the Marina or the City of Washburn for any loss of property by theft or burglary or any accidental damage or injury to any person or property at the Marina caused by the elements or caused by the Marina or its employees, excepting gross negligence or willful misconduct. User shall indemnify and hold harmless the Marina and the City of Washburn from any claims, suits, actions, damages, liability or expense (including attorneys' fees) in connection with any injury or damage (unless due to the willful misconduct or gross negligence of the Marina.) suffered by the Licensee, or the Licensee's family members, agents, employees, guests, licensees, or invitees. **The Licensee agrees to maintain a minimum of \$500,000 liability insurance and adequate hull insurance on vessel and/or equipment stored and or moored at the Marina. In addition, the Licensee shall list Washburn Marina as additional insured on the vessel liability policy and shall provide to the Marina a current and active Certificate of Insurance showing same.**

Section 9. INSPECTION.

Licensee represents that the vessel is in safe and seaworthy condition and that it will be maintained in such a condition during the entire length of this License and any renewal of this License. Licensee agrees that the vessel is available to the Marina for inspection upon the request of the Marina. In the event the Licensee fails to make the vessel available for inspection within 5 days of written request being made by the Marina to Licensee's mailing address, email address, or at such other current address as Licensee may from time to time provide to the Marina, the Marina is hereby authorized to enter the vessel from the 6th day following the mailing date of the Marina's written request to enter the vessel.

Section 10. PERMITTED VESSEL MAINTENANCE AND OUTSIDE CONTRACTORS.

Licensee is permitted to perform routine maintenance on the vessel. All work must comply with the Marina's Environmental Best Management Practices, available in writing from the Marina. Any project affecting greater than 25 percent of the vessel's surface, and any project involving sanding/grinding of any of the vessel's surface, requires prior approval from the Marina. Licensee agrees that no outside contractor shall work on the vessel while it is at the Marina without obtaining prior approval from the Marina and signing the Outside Contractor's Policy license. Such contractors or vendors may obtain permission to work on vessels in the Marina subject to certain conditions, regulations, insurance requirements, and administrative surcharges, established by the Marina to protect the Marina and its customers.

By signing below, both parties agree to the terms and conditions of this two-page License.

Washburn Marina

Service Department Work Order Terms and Conditions

Any and all work orders, formal or informal, requested of and provided by the Washburn Marina Service Department (WASHBURN MARINA) are subject to the following terms and conditions which, together with the text and numbers on such work orders, constitutes the entire agreement between Washburn Marina and the vessel described and its Owner/Owners.

1. WASHBURN MARINA agrees to service vessel in a good and workmanlike manner, and the Owner agrees to pay WASHBURN MARINA for said work, labor service and materials, at WASHBURN MARINA's quoted price or Time and Materials including change orders and/or additions which have been made to described work order with Owner's consent. Change orders and/or additional work orders shall be handled separately from the original work order in work performed and payment. These terms and conditions are incorporated in all change orders and additional work orders.
2. WASHBURN MARINA warrants the workmanship (with the exception of equipment manufactured by others, with respect to which items, the warranties against defects in material and workmanship by the builder/manufacturer are the sole warranties, expressed and/or implied, pertaining to the sale of such equipment, and with respect to which, the responsibility of these warranties is accepted by Owner) to be free of defect for a period of ninety days after completion. Any consequential damages are hereby expressly excluded, unless such exclusion is prohibited by Wisconsin law. Liability in cases of defective workmanship is limited to the proper repair and/or replacement of said items. WASHBURN MARINA reserves the right to correct and repair any claimed damages or defects. In the event another party corrects these items, all warranties and claims are void.
3. WASHBURN MARINA staff is authorized by the Owner and covered under the vessel insurance provided by the owner to operate said vessel as necessary to facilitate repairs. WASHBURN MARINA shall proceed with reasonable due diligence to perform the work as described but is not liable for any delays.
4. WASHBURN MARINA shall not be responsible for any damage to vessel while work is being performed, as it relates to damage to or loss of any articles of personal property, gear, or other items left aboard the vessel while Owner is not aboard. Washburn Marina does not provide insurance for the vessel. At all times, Owner will have the vessel insured by complete marine coverage at a minimum of \$500,000 and shall furnish WASHBURN MARINA with a current certificate of insurance. The Owner represents that his/her vessel is in safe and seaworthy condition and that it will be maintained in such a condition during the entire length of this work order and any extension thereof.
5. Payment for invoices is due upon receipt. In the event payment in full is not made within 30 days of the monthly billing date, pursuant to the provisions of the Wisconsin Consumer Credit Act, WASHBURN MARINA shall treat this transaction as an open-end consumer credit transaction. In the event the entire unpaid balance is not paid within 30 days of the following monthly billing date, the Owner is informed as follows:
 - a. ANNUAL PERCENTAGE RATE: A finance charge of 1.5% on the unpaid balance due, not paid within 30 days of the monthly billing date, will be assessed.
 - b. No annual fee will be imposed by WASHBURN MARINA
 - c. No other charges or fees will be imposed by WASHBURN MARINA for offering this open-ended credit plan.
6. WASHBURN MARINA reserves all rights against the vessel and personally against the Owner for payment of all charges and to maintain possession of items related to the work order and/or vessel until all charges have been paid in full. Specifically, the provisions of Wisconsin Stat. 779.43, liens for keeper of marinas, et al, shall apply, along with the provisions of Wisconsin Statute Chapter 780, liens against vessels.
7. The Owner agrees that differences of opinion about whether particular charges are justifiable or fair, or about whether any particular work was properly done, do not and shall not entitle the Owner to such claimed difference of opinion as a basis for the refusal to pay any amounts charged by the Marina under this work order. All claims and complaints of every kind which the Owner and vessel shall be entitled to make against WASHBURN MARINA NOT in connection with this work order shall be handled separately and independently from this work order.

All Washburn Marina Service Department work requests and work orders are subject to all the above terms and conditions. In requesting and/or signing and/or executing a work request and/or work order, the Owner acknowledges that he/she has read and understands and agrees to these terms and conditions.
